When to Use the Logo in Bonvoy Coral

Only use the Be logo in Bonvoy Coral on background colors with high contrast against the Coral color, as shown in the top row. Do not use it on backgrounds with lower contrast, shown in the bottom row. Instead switch to a light or dark Be logo.

Section 3

Typography

Ridley Grotesk

Ridley Grotesk is a modern sans-serif. It comes in nine weights with matching italics, designed with powerful opentype features in mind. Each weight includes true small capitals, alternate characters, extended language support, ligatures and more. Perfectly suited for graphic design and any display use. It could easily work for web, signage, corporate as well as for editorial design.

Voice & Tone

Overview

As a large, historic, successful company, Marriott can come across as formal, corporate, and stiff. This brand—and our subsequent content—is actively working to change that assumption, better aligning with our global associates and the way they work together, *support* each other, and instill our *warm, welcoming, and infectious* culture throughout the world.

Keywords

We Are:

- | | |
|----------------|--------------|
| Warm | Clear |
| Welcoming | Plain-spoken |
| Kind | Respectful |
| Insider | Positive |
| Real | Supportive |
| Authentic | Helpful |
| Informal | Candid |
| Conversational | Inclusive |

As such, our People Brand voice and tone should read as your older cousin doling out career advice, helping you find a job and spruce up your resume. We are the *insider*, telling *real-life* stories in *meaningful* ways. We are *informal, conversational, truthful, and clear* – think *less jargon*, more *candid*. We are *respectful* and *positive*, but *irreverent* and *honest*. When in doubt, say it in less words and most importantly, say what you mean.

We Are Not:

- Corporate spin
- Jargon
- Stuffy
- Bureaucracy
- Disrespectful
- Boring
- Wishy-washy
- Exclusive
- Pretentious
